<http://voyager.deanza.edu/~taylorfarron/CIS89/Assignment7/cis89forms1.html>

You can work on this topic:

I say keep it very simple like the last example I provided you with

(<http://voyager.deanza.edu/~taylorfarron/CIS89/Assignment7/cis89forms1.html>)

but instead of being about contact information it can be about a survey asking for personal information and a call back number/ contact information such as: sex (female or male), favorite color
